BAYONETS TOO MUCH FOR GERMAN SHOCK UNITS.

[BY ATLANTIC CABLE AND A. P.]

GRAND HEADQUARTERS OF THE FRENCH ARMIES IN FRANCE, Sept. 25.—Capt. Roeh, the initiator of the German shock units, received rude counter-shocks yesterday when, with a specially-selected model battalion, he attempted to evict the French from positions extending from the northwest corner of the Fosses wood to the eastern fringe of Chaume wood, on the Verdun battle field.

Sprays of liquid flame and a furious grenade attack followed a terrific German bombardment of the French lines, but the French troops, undismayed by this, went out to meet their assailants and beat them back with bayonets and hand grenades, until the discomfited Germans were forced to return to their own trenches.

There were many hand-to-hand combats between the lines, where the Germans now lie thick. Not an inch of territory was reconquered by the Germans, notwithstanding their extraordinary efforts to regain ground in the neighborhood of Hill 352, which would be of immense advantage to their observers.

Other German attacks facing Bezonvaux and to the south of Beaumont were intended to distract the attention of the French from the real German objective. Here the Germans came face to face with French colonial battalions, who hurled the enemy back, inflicting a large number of casualties and maintaining inviolate the entire French line.

Three divisions of the Crown Prince's army participated in the action.

ARGENTINE ARMY MOBILIZED.

[BY ATLANTIC CABLE AND A. P.]

BUENOS AIRES, Sept. 25.—The entire Argentine army has been summoned to duty to aid the government in attempting to re-establish railroad traffic at present held-up by a strike. This action was decided upon after the strikers failed to accept an offer of government arbitration. All trains will be run by the military. There were reports in government circles tonight that martial law might be declared throughout the republic within a few hours.

The Cordoba strikers today attacked a convoyed train. Women were placed in front of the crowd as a shield. There was an exchange of shots, three persons being killed and ten wounded. Several serious clashes between troops and strikers are reported from other cities of the republic.

ASUNCION (Paraguay) Sept. 25.—Eduardo Chorer, former President of Paraguay, today resigned his seat in the Senate as a protest against the policy of the government, which is said to lean toward a breaking off of relations with Germany.

MUST BEAT GERMANY, SAYS FESS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Sept. 25.—Representative Fess of Ohio, speaking on Germany's internal situation and peace prospects, told the House today that the German people had not shown any symptoms of revolution and deprecated any tendency to take too seriously agitation against the Kaiser's government.

"The outbreaks in the Reichstag," he said, "are no more significant than scenes in this chamber when differences arise between members." He added that strikes in Germany meant no more than the strike on the Pacific Coast in this country and that the United States must look for victory only through superior forces.

GERARD SCORES PACIFISTS.

[BY A. P. NIGHT WIRE.]

SPOKANE (Wash.) Sept. 25.—Pacifists and pro-Germans were denounced tonight by James W. Gerard, former American Ambassador to Germany, in a public address here.

In the main, Mr. Gerard repeated his published declarations in regard to German conduct in the war and conditions in Germany.

"It is our part here at home to down these traitors—to drag these snakes out of their holes—these politicians who believe they are winning votes," he declared at one point.

"The time has come in America when every man must declare himself either friend or traitor."

BERMUDA'S CALL FOR HELP.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Sept. 25.—Unable to move its food crop because of a lack of ocean tonnage, Bermuda has sent a mission of four members to Washington to confer on the subject with officials of this government. They point out that America, by importing the 300,000 crates of vegetables, 80,000 barrels of potatoes and 130,000 crates of onions available this winter in Bermuda, will be able to release additional foodstuffs for the European allies.

URUGUAY MAY BREAK WITH GERMANY.

[BY ATLANTIC CABLE AND A. P.]

MONTEVIDEO, Sept. 25.—The Uruguayan Congress has been called to meet in special session Saturday to vote on the question of severing relations with Germany. This action was decided on by the Uruguayan government as the result of the steps taken by the Argentine Congress. The Foreign Minister will explain the government's plans for a break with Germany at the opening of the special session.

GOV. M'CALL RENOMINATED.

[BY A. P. NIGHT WIRE.]

BOSTON, Sept. 25.—Gov. Samuel W. McCall was renominated at the Republican primaries today by a plurality of more than 50,000 votes in his contest with Grafton D. Cushing, former Lieutenant-Governor. Returns from 1039 precincts out of 1183 in the State gave McCall 66,798; Cushing, 19,243.

SIX AUTO BANDITS TERRORIZE VICTIMS.

(30)

Racing through the streets in a large automobile, six young bandits late last night and early this morning terrorized residents of the southern and western residence districts.

W. J. Carmichael and Miss Carmichael, of No. 124 Banning street, were the first victims of the sextette. The bandits stopped Mr. Carmichael, who was driving his machine at Florence avenue and Main street, and, after robbing him of \$75 in cash and a valuable watch and other jewelry, shot holes in the rear tires of his automobile to prevent him following them. They then drove rapidly toward the city.

E. Kuwaraha, a Japanese of Moneta station, also was robbed by the youthful desperadoes of \$5 in cash. He was held up at Manchester avenue and Main street and threatened with death if he offered resistance. After several shots in the air to frighten their victim, the bandits drove away at a high rate of speed.

THINKS HUSBAND WAS HER ASSAILANT.

(30)

That a man, whom she believes to be her husband, attacked her while she was walking near her home at No. 4211 Gramercy place, snatched her purse, containing \$51 in cash and several hundred dollars of jewelry, and then escaped with the loot, was the report of a detective of University Police Station by Mrs. William Hobert early this morning.

Mrs. Hobert says that the man approached her, grappled with her for an instant, tore her bag from her hands and then ran away. Because of the shadow on the street, Mrs. Hobert was unable to determine whether or not he was her husband. She told the detectives that she has been having some trouble with him lately and that they are separated.

NOTED AVIATORS REPORTED DEAD.

(30)

LIEUT. VOSSE KILLED; CAPT. GUYNEMER GIVEN UP.

Famous French Airman has not been heard from since he took Reconnaissance Flight Over Flanders September 11—San Francisco Man is Reported Slain.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Sept. 25.—Lieut. Vosse, a leading German aviator, had been killed in an aerial fight with his fifth adversary, according to a report received here from Berlin.

Vosse was considered the greatest German aviator after Baron von Richthofen. He was credited in German official reports with having brought down forty-two enemy machines up to September 10.

SAN FRANCISCO KILLED.

[BY ATLANTIC CABLE AND A. P.]

FRENCH FRONT IN FRANCE, Sept. 25.—Douglas MacDonaghe of San Francisco and a member of the Lafayette Escadrille was killed in an aerial fight yesterday. He arrived at the front May 5 and was promoted to a sergeant August 25. Douglas MacDonaghe was a student at the University of California. He was decorated with the war cross for bravery under fire August 8. He joined the Lafayette Escadrille last June and participated in various dangerous operations undertaken by the American aviators.

GUYNEMER IS DEAD.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Sept. 25.—Capt. George Gynemer, the famous French aviator, is believed to be dead. Capt. Gynemer is thought to have been killed during a reconnaissance flight over Flanders which he left Dunkirk September 11. Nothing has been heard from him since and it was assumed that he had been lost, but not until tonight did army headquarters issue a confirmatory report.

FRENCH GIVE LIST OF AIR VICTORIES.

(30)

[BY ATLANTIC CABLE AND A. P.]

GRAND HEADQUARTERS OF THE FRENCH ARMIES IN FRANCE, Sept. 25.—Up to September 20, thirty-seven living French aviators "across" had destroyed 393 German airplanes in air combats. Eleven other aces who have been killed accounted for ninety-one Germans. The list is headed by Capt. George Gynemer (since reported dead).

An airman obtains the rank of ace when he has destroyed five enemy planes. The list of German aces numbered fifty-seven, of whom twenty-nine have been killed in the course of flights on the Franco-British front.

IMPOSTORS ARE JAILED.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 25.—A convicted on five counts of impersonating United States Navy officers and kidnapping soldiers and sailors to collect the \$50 reward paid by the government for deserters, Harry A. Reed and James E. Eaton were sentenced today in the United States District Court to serve five years and five days each in prison.

LAY VAST FOUNDATION FOR ATTACK ON GERMANY.

Entire Zones and Districts of France Turned Into Workshops for Armies of Pershing.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]

PARIS, Sept. 25.—Vast zones in France are being turned into a great workshop for the manufacture of American armies. The same imagination and breadth of conception, the same co-ordination of brains and the same energy and sense of human power which reached its highest expression at Panama, passing that milestone of peaceful civilization, is laying the foundation for the great war.

The preparations are going forward with such secrecy that only a continuous trip into the highways and byways of certain regions of France reveals their size and the profound determination to win the conflict with the German Empire.

In Paris one hears only faint strumblings, many false and not striking the true chord of American engineering and military activity.

NOTED SLAV OFFENDERS

IN RUSSIAN BASTILE.

Gen. Rennenkampf and Others Awaiting

Judgment of the New Regime.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD, Sept. 24.—As the

result of a month's negotia-

tions, after which a decision by

Premier Kerensky was finally asked,

the Associated Press correspondent

was permitted today to inspect the

notorious Troubetskoi Bastion of the

fortress of St. Peter and St. Paul,

the Bastille of Petrograd. Here, dur-

ing two centuries, there have been

immured high-born traitors, pre-

tenders to the throne, assassins of

emperors, propagandists of nihilists

and bomb throwers and here today

the most hated adherents of the

banished autocratic regime are

awaiting the nation's verdict.

NOTED CULPRITS.

In this bastion now are interned

eight exalted culprits. They are

Gen. Rennenkampf, whose record as

a military judge in 1906, during the

attempted revolution, constituted

"hangman's progress" to Siberia,

classified as exalted, if not surpass-

ing, the infamies of the notorious

Jeffreys; M. Bielezky, former di-

rector of police and accomplice of

the late Count Witte, who was

former Minister of the Interior, M.

Makarov, who procured the election

of a burglar to the Duma to act as a

spy; M. Sikrensky, a palace command-

ant, and finally, Alexander Proto-

popoff, once classed as a patriotic

member of the Duma, and an ex-

pressive Minister of the Interior, and

last, the ally and slave of the mystic

monk Rasputin.

The bastion, which is a part of

the obsolete fortification, is on the

banks of the Neva. It is a two-

story, hexagonal building, with a

corridor in company with the as-

pirator of the Petrograd

High Court.

Before inspecting the cells, the cor-

respondent visited the prison cham-

ber, out of which lead two doors.

Pointing to them, the procurator said:

"Inside are prisoners under examina-

tion." He opened the first door in-

mediately, showing a stoutish, gray-

bearded man, who was Bielezky,

particulating in Russian, "I am

guilty of the most awful crime of

not understanding the spirit of my

era."

Repeating the words "spirit of my

era" in Russian, Prottopoff, fol-

lowed by his soldier guards, went

out of the room.

COLUMBUS (O.) Sept. 25.—One of the richest cards of the present Grand Circuit meeting was raced here today, and before the \$17,000 in stake purses was entirely distributed the spectators saw some wonderful trotting miles and two new world's records hung up. Miss Bertha Dillon won the American Horsebreeders' Futurity for 3-year-old trotters, in the fastest three heats ever raced by horses of her age and any sex. She also equaled the record 3-year-old trotting record of 1:38, now jointly held by Peter Volo and Adair brood. The 3-year-old trotting filly record made here last week by The Real

Lee Calder, champion airplane sharpshooter of the world, went to Venice yesterday and took a little flight with Joe Mattingly in preparation for his big match at the Los Angeles Gun Club next Sunday, in which E. K. Mohler will attempt to deprive him of his laurels. Calder shot down twenty-four out of twenty-five balloons in winning his championship. Think you could do it?

SK CONGRESSMAN TO VISIT NEWPORT.

COMMITTEE HEAD IS ASKED TO MAKE INVESTIGATION.

Santa Ana Chamber of Commerce

Calling Bond Election—Attempt to be Made to Get Federal Aid for Orange County Harbor.

[LOCAL CORRESPONDENCE.]

SANTA ANA, Sept. 25.—The Associated Chambers of Commerce of Orange county today wired Congressman L. P. Padgett, chairman of the Rivers and Harbors Committee, asking him to visit Newport Bay while on the Pacific Coast next month.

The Santa Ana Chamber of Commerce today voted in favor of asking the Board of Supervisors to call a bond election for \$250,000 bonds for the improvement of Newport Harbor. It is hoped to get Federal aid after Newport Beach, which city has already voted \$125,000 for the harbor and is now building a jetty, and Orange county, by expending \$250,000, has earned recognition on the basis that the Federal government helps harbors that help themselves.

EXEMPTION RULING.

The exemption board of Orange county district No. 1 adopted a new ruling today when it declared that it would exempt every man who put in a dependency claim backed up by proper proof. In other words, the whole dependency question so far as this district is concerned will be passed up to the appeal board. When the local board began its work it had well-defined ideas, gained from a perusal of the instructions, as to what constituted dependency. A number of married men had their claims rejected, and took appeals. Failure of the appeal board to reach decisions necessitated a change in the personnel of the men who went to Camp Lewis last week at the last hour.

Since every case of dependency in which the claim is allowed by the local board is taken to the appeal board by the Federal representative, Clyde Bishop, the local board came to the conclusion that its wisest course was to grant every claim, and pass the decision to the appeal board without going through the indecisive worries of investigation.

FUNDS FOR LIBRARIES.

VENTURA, Sept. 25.—During the first day of library week \$129 was handed to representatives of the subscription campaign. The sum of \$400 is the allotment of this county.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Down-to-Date.

To have the lining of one's opera cloak of rich brocaded silk or satin and the trained gown underneath of the same material as the cloak lining, is the latest luxury of the mode.

Charming vanity bags for holding the powder puff are of silk, in delicate blue or pink, attached to gold hoops enameled in French roses.

The bags are shaped like the twisted tobacco pouches and lie flat within one's handbag or pocket.

Officers' bars in silver, which smart army men use to replace the brass ones conferred upon them. The sterling bars are appropriate gifts from God-speeding friends.

Now is the time to buy: The new sterling silver whistles which are used in the army and navy by time not only form excellent and practical gifts for departing army friends, but are a protection from burglary and out-peddery when carried in the pocket or purse. They are tuned to the exact note of the regulation police whistles.

Buils for early winter and spring blooming. Collections are put up by local florists and are on sale just now at reduced cost.

Those Christmas gifts which you are certain to want. Early choice is most wise, for many reasons.

"Vive La."
With all our talk of American fashions, and with the undoubted success of our dyes and manufactures, the encouraging "vive la" is still sent forth from our lips to French modes. And rightly is this so.

Dear France! What courage she has shown her way along her war lines, but in the almost superhuman perseverance with which she has kept on creating fashions. Originality, discriminating taste and courtly judgment are like the very breath of life to the French nation. Even were it possible for us to disarm her in this field, we would be loath to do so, since her national individuality is so interwoven with "la politesse" in clothes.

One, Two, Three!
Two, three and out! Just out, too. The most novel of trays, they are, I saw them at that gift shop, where novelty is the usual thing—the more unusual the more usual.

These new trays are of malting, in a fine, soft weave and are in oval, with a tiny upturned rim and handles formed from reed in dainty coloring to match the hand-painted flowers which decorate the centers of the trays. This description gives not the least idea of their prettiness. They really must—however trite the saying—"be seen to be appreciated."

REGAR LEWIS

LEISURE :: HOUR :: AT :: HOME. FRIVOLS.

Gladys Brockwell Before Going to Studio

By Grace Kingsley.

Arriving from San Francisco yesterday, wearing a smile that refused to come off, and with his pockets bulging with favorable notices regarding "Here Comes the Bride" and "Under Pressure," Joseph Montrose, western manager for Klav & Erlanger, visited his office for the first time since the launching of the first western K & E plan.

That either Mr. Klav or Mr. Erlanger, or possibly both, will visit the Coast within a short time, the announcement of Mr. Montrose, these gentlemen desiring to look over their new company since it has gotten into successful action. Which of these two gentlemen comes will bring with him a number of new plays to be produced in the West.

"Under Pressure" opens at the Mason next Monday night, and it is expected an overwhelming audience will be present to greet their old favorites, among whom are included Bertha Mann, Grace Travers, Beatrice Nichols, Thomas McLarnie and others.

Following the company's engagement here, it will tour the Coast cities, traveling as far north as Portland and Seattle, after which the organization will return to Los Angeles where "An Adorable Pest" will go into rehearsal with Beatrice Nichols in the leading role.

An actor well known both in the East and the West, and one who is a special favorite in San Francisco, J. Anthony Smythe, has been engaged for a leading part in "Under Pressure."

"We are very well satisfied with the work of the new company," said Mr. Montrose last night. "Miss Mann made a terrific hit in San Francisco, and all the members of the company received excellent notices."

Clones.
"A Man's Man," Paralta's first film play, with J. Warren Kerrigan in the leading role, will be shown at Clune's Auditorium next week.

Alhambra.
There's a corking comedy at the Alhambra this week—a breezy, refreshing, original comedy. Its name is "The Yankee Way," and it was written and is partially acted by Ed Sedgwick and directed by Richard Stanton.

It is full of robust laughter, that idea of "The Yankee Way" with its action located in a bush-league kingdom in the Balkans. Injecting a Yankee boy, a cowboy, an ex-gambler, and an ambassador, who has been sent to Luthina to keep him from marrying a burlesque queen.

General Reviews.
Hippodrome.
Both old and young will find much to please them on the Hippodrome bill this week. For the kiddies from the "Hank the Mule," contributing a big bundle of laughs with the amusing antics of Hank, Jack Case, and his songs and stories, proves most likable, while Fay and Lewis, a duo of dainty misses, have an entertaining number of songs and stories, and talk along clever lines. Tom Brown's Blackface Revue is the big feature, with a new departure in minstrelsy, opening with a street parade with all the blare and furore of the real thing. Songs, dances, music and funny jokes round out a routine of entertainment.

Leo Filler, a Rumanian violinist, scores a decided impression, while the old favorites, King, Hume and Thomas, with songs and nonsense, win popular favor. For real thrills the Ambler Brothers, with aerial balancing stunts, are clever.

Pantages.
"If you don't see it, ask for it," isn't necessary at Pantages this week. Something of everything is on display.

If happy, billiard-domed, funny old Charlie Ahern wants to fancy-venk, spat and tight-trouser him- self, he could make any dancing stepper look like grandma's minuet partner in 1857.

However, the sedate pants out on the famous Ringling Bros. pattern and a make-up that would make Nat Willis die of mortification. His symphony of clownery, aided by one very pretty girl and several exceedingly lively back-ups, is a concentrating three act and rings in one package of fun-force.

Eddie Kane and Jay Herman's back drop show is a headliner from New York. The ultramarine pigment used on said back drop is the nearest thing to H2O in the act. The "atmosphere" of the act is the strong "green elevator" kind that comes with a revenue stamp over the cork.

The "Guillotine of Roses" is a dandy insomnia discourager. Sprightly, graceful "classic" dancing of the school is "The Garden of Roses" (viewed here a month or two ago, and now considerably battered).

"Abroad" is a "hot" number, fresh-we are patter act by a sport-coated man and a summer-gowned maiden. Nelson and Kelson are "way up" in elevated comedy. A second dose of "The Fighting Trail" is the film offering.

Burbank.
The tang of the ocean's salt spray and the frenzied click of the stock ticker "on change" both have their part in "The Spindle of Life." However, don't get the "idea" that this is one of those "heroine-by-the-sea" waves—or "bulls-and-beans-to-the-death" stories.

It is a "real people" story of the kind you read so seldom and see almost never. Neva Gerber is the bright little Gladstone, a society girl who is gladstone when enticing the yellowtail attired in baggy overalls and a disreputable hat.

There are also honest fisher-folk, languid scold-loungers—and, of course, Ben Wilson, a handsome stock-broker breaker whose idea of a hard day's work is smoke seven frank Jewies in a puff—(newly, clothes, of course), and she also emitted some vocal vibrations. House and Bell are just—(newly, with some hats we did not wait to see perform; Enrique plays the accordion accordingly, and completes a good show.

Henry Christen Warnack's screen drama allows the emotional powers of, this capable actress full play at Miller's Theater this week.

The newest neck line is round. A great many ruffles are seen. Costs are cut on very loose lines. Ratin suits have linings of wool. Black velvet is favored for evening.

Tunics are worn over narrow skirts. The three-piece suit will be much worn. Corduroys are liked for children's wear.

Turbans are one of the fashionable winter hats, and they are trimmed with fur. Blue serge is, as it has been, the most fashionable material for practical dresses. Couturiers are but just beginning, apparently, to appreciate the value of this artistic tone.

Keep the little girl's dress very simple. The new pique is a soft light material which comes in all the soft, charming shades. Paris is wearing pique now.

Broad cash belts will be seen in new autumn dresses, and often these belts will show colored fringe and embroidery.

Will Face Charge.
Hiram J. Wambold, secretary to Chief Butler, yesterday requested the Police Commission to set a date for the hearing of the charges of misconduct preferred against him by D'Arcy Hickey, and the case was set for Tuesday.

AUTOMOBILE SHOW TO BE POSTPONED.

The automobile show, to be held under the auspices of the Dealers' Association, has been postponed from November 5 to November 12. The big affair will be held in the Billy Sunday tabernacle and the length of time between the closing of the mission and the date set for the opening was not deemed sufficient for the preparations.

men in the employ of oil companies will be exempted by this ruling.

The board voted that engineers, conductors, firemen, brakemen, certain expert shopmen and necessary clerical men would be exempted who are now in the employ of railroad companies. Station agents and section foremen, for whom exemption was asked, were refused exemption, however.

About 135 claims for exemption were heard by this district board at its morning session yesterday. Of this number 119 were based on agricultural grounds, forty on industrial grounds, and twenty-five on the grounds of physical disqualification. Forty-nine claims for exemption, chiefly on agricultural grounds, were allowed. Twenty-five claims were denied and the balance were held for further investigation. A large number of the claims allowed, however, were merely exemptions for two or three months to give the farmer an opportunity to harvest his crop.

SUPERFLUOUS HAIR WHY IT INCREASES

It has been proven by the world's greatest authorities that so-called hair removals stimulate and increase hair growth after each removal, because they only remove hair from the surface of the skin, just like a razor.

The only common-sense way to remove hair is to attack it under the skin. DeMiracle, the original sanitary liquid, operates on this principle. It alone contains certain ingredients which give it the power to rob hair of its vitality. It does this by absorption. DeMiracle works equally well for removing hair from face, neck, arms, under arms or limbs to prevent it from showing through stockings.

Insist on the genuine DeMiracle. It is the only depilatory that has a money-back guarantee in each package. In etc. #1 and #2 bottles at all toilet counters, or direct from us in plain wrapper on receipt of price.

lances. There were seven carloads of horses and mules, to say nothing of Pomp and Pops, a big police dog and a small black-and-white spaniel, respectively, the mascots of the regiment.

When the business of moving equipment, setting up tents and getting things in order is completed the men will doubtless have some good music in addition to the band concert, for many ukuleles and banjos were seen as the tents began to go up and the men placed their belongings about their new homes.

The training programme for the guardsmen has not been arranged yet, but in a few days they will begin the intensive training that is to prepare them to go to France.

Col. C. L. Hutchins, commander, and his staff of officers were even more busy, if possible, than the enlisted men, making arrangements and plans for the regimental headquarters and companies.

Both officers and men seemed pleased, however, to think that they were fairly started now on the intensive training period for the guardsmen troops for the front.

The officers of the regiment are: Col. Charles F. Hutchins, commanding; Lieut.-Col. Samuel Saltmarsh, Maj. Byron W. Allen, Capt. H. E. Kunkel, Capt. Sterling S. Booth, First Lieutenant Edward E. Berger, First Lieutenant Frank D. Sherer, First Lieutenant Frank H. Chase, Medical staff: Maj. P. C. Wiser, First Lieutenant Albert Allen, First Lieutenant Dumont Dwyer, First Lieutenant Clarence E. Collins, Headquarters company: Capt. W. B. Pinney, commanding Co. A; Capt. H. C. Underwood, commanding Co. B; Capt. H. S. Tracy, commanding Co. C; Capt. E. H. Marx, commanding Co. D; Capt. C. F. Rowe, commanding machine gun company; Capt. H. A. Melasky, commanding supply company; Capt. A. F. Moulton, commanding.

BIG PROGRAMME ARRANGED FOR CHILDREN'S BENEFIT.

A NOTHER BOMB PLOT EXPLODES.

Deadly Missiles Nothing More than Moth-eaten Shotgun Capsules.

Another bomb plot vanished into thin air yesterday, when Special Agent Webster of the Department of Justice took a flying trip to Altadena to locate a plant of alleged "bombs" on the old Scripps estate.

He found a bucket full of the missiles, but they were not bombs at all, but capsules filled with powder and shot, such as were used by old-time hunters in loading a shotgun.

The display is on exhibition at the office of the agent, in the Federal Building, for the delectation of those who know nothing of the methods employed by the old-fashioned hunters in getting a muzzle-loading shotgun ready for business.

Making Corn Save Wheat

Use more corn and save Wheat!

Corn bread in various styles has been used by the white man from Pilgrim Father days, and by the Red Man for untold ages. Corn is America's greatest grain crop.

Of late years ingenious Americans have found that corn can be transformed from a common, into an uncommonly delightful food by cooking, rolling and toasting. And of all corn flakes the most delicious, the most palatable, and most richly flavored, are

Post Toasties

—an all-the-year-round food—

All the goodness of white Indian corn!

A delicious, nourishing dish, usually eaten with cream, milk, or fruits and juices in season!

These bubbled flakes have a substance that gets them away from old style corn flakes—thin and wispy.

They are a substantial food—not a soggy confection.

Eat **TOASTIES** and save Wheat!
